PLANT OF THE WATSONTOWN TABLE & FURNITURE CO.
WATSONTOWN, PA.

To the Trade

WE HEREWITH PRESENT OUR NEW LINE OF EXTENSION TABLES for the Fall Season of 1907 and the Spring Season of 1908. We feel confident that you will find our line is thoroughly up-to-date and our prices are as low as they can be made consistent with the quality, material, and workmanship which enters into all the goods we manufacture.

On the merits of our product we place the credit for a steady and substantial increase in our patronage and we shall endeavor to merit a continuance of an increased business at all times.

We shall always continue to maintain our honest business methods, with honest well-made and finished goods and hope thereby to gain new friends as well as retain the good will and patronage of our former customers to whom we take this opportunity of thanking for their generous favors in the past and with assurance to all that your favors will be greatly appreciated and that they will have our most prompt and careful attention, we are,

Yours truly,

WATSONTOWN TABLE AND FURNITURE CO.

Watson town, Pa., July 1, 1907.

Remarks

PACKING All our tables are shipped K. D. Two in a crate and we make no charge for the same. Orders for a single extension table necessitating a single box we make a charge of 15 cents.

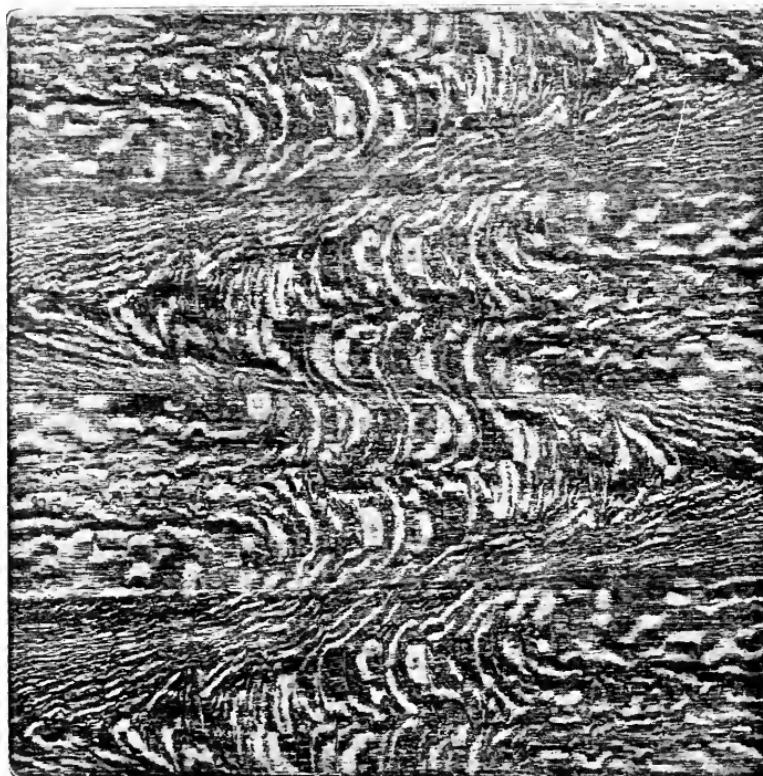

FINISH All our tables are finished Golden Oak of a standard shade so that no difficulty will be experienced in matching our tables with other dining room furniture.

CASTERS All our tables are supplied with good socket Casters free of charge.

ORDER BY NUMBERS When ordering be very careful to give number of the table as well as the length you desire and be careful to order numbers given in this catalogue only as all other numbers have been discontinued and by following this notice you will avoid correspondence and unnecessary delay in the filling of your order.

TRANSPORTATION All our goods are delivered to the Transportation Company in good order at which time our responsibility ceases, as we cannot insure safe delivery and all claims for damage or shortage should be made direct to the Transportation Company but we will cheerfully give you all the aid and assistance in our power in securing your just rights.

Be sure that your goods are in perfect condition before you give the R. R. Co. a clear receipt for the same and in case of any damage, insist upon their agent making a notation on your freight bill of the full extent of the damage and if this is followed out you will have no trouble in collecting your claim.

American Quartered Oak Finish

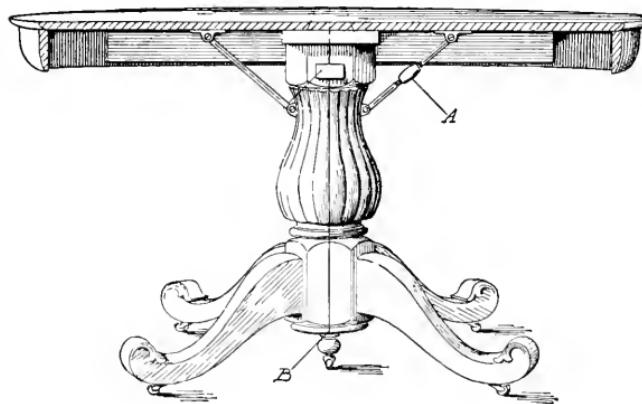

HIS cut represents just what they look like and it is very hard to tell it from genuine Quartered Oak.

Tables with Tops of this finish have become great sellers with us, and you should not fail to try some, as it will increase your trade just as it has ours.

The cost of this finish on Tops only will be found on our price list and where the fillers are also desired finished same finish, we will supply same also, and for prices, please see our list.

When this finish is desired, please state A. Q. O. on your order, as, unless you specify A. Q. O. on order, Plain Oak Tables will be shipped.

The Welker Patent Adjustable Brace and Lock

All our Pedestal Tables are fitted with the above Brace and Lock which is truly the acme of simplicity and effectiveness, keeping both pillar and top perfectly closed when not extended, and rendering the table most rigid when either open or closed.

Our tables with this equipment are very easily set up, and the adjustment by which the gaping pillar at the point "B" indicated in the above sketch is secured simply by turning the Grip "A" with the hand until both sides of the pillar come together. The lock itself securely fastens the top together, and the brace takes care of the pedestal so that it is not possible for it to get out of order in any way.

These and many other features combine to make our device superior to any other in use to-day.
